After Care - reimagined

We are aware of the difficulties of working parents who need Wrap Around Care for their child. Our morning and after school care is in place to help parents who need to bring their children to school early and who cannot collect them at the end of the afternoon lessons.

Our dedicated, qualified supervision staff ensure the children have the best possible experience and enjoy the various activities and games on offer.

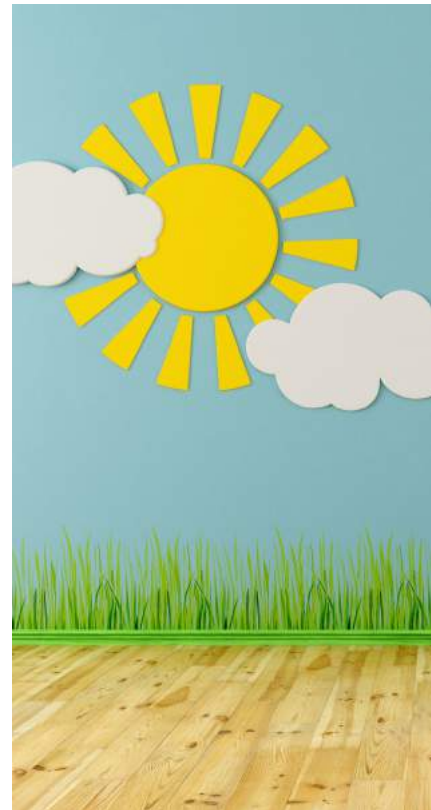

Alongside taking the stress out of morning and after school care, trust Headway to keep your children busy during the holidays with our wide range of camps and activities.

The Headway Approach

Our after school club is an extension of the school day, aimed at supporting working parents, but also to giving children the chance to enjoy physical and mental well-being activities. Every day is different, our staff lead sports and other fun activities are designed to help children relax and unwind.

The popular yoga programme, and other mental well-being activities such as Pilates or mindfulness, can be delivered at the start of each session to help children relax after their day at school, before our more energetic activities! Drinks and snacks, and other mentally stimulating activities such as Lego club, arts and crafts, and music and drama are all possible with us.

As well as the physical activity, aspect to our Holiday Club, run by Footsteps 4 life, we also offer other activities such as arts and crafts, ICT, board games, puzzles, a homework and reading station, areas to relax and unwind plus much more.

Don't take our word for it...

My son attends the after school sessions and the holiday club on a regular basis.

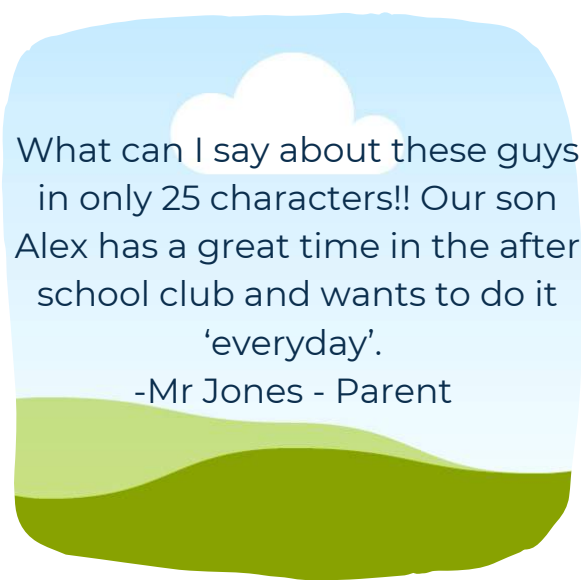

They engage the children in various activities both indoor and outdoor. They understand that each child is different and tailor their care accordingly. I cannot recommend Footsteps 4 life enough to any parent who wants to make sure their child can flourish, learn, be active and creative outside of school.
